Hi Everton,

I'm going to be at an event from 3pm - 7pm today, so if you need me to sign the Charter before, let me know. Otherwise, I'll be home after that and I can have it signed and sent back to you.

Cheers,
Angie

Hey,

We'll let you know. It looks like Monday we'll make those changes and send it to you again for signing. We're also going to send you a couple mock UIs to choose from or give criticism on.

Hey,

Here's the updated charter, we've highlighted the additions and took off the ones you mentioned.

Another thing we changed was adding in the payment api for visa, mastercard, paypal etc. Researching these additions, we realize there are many options and different transaction rates and fees and we don't want to make these decisions for the company. For the time being we are planning on setting up the site to build shopping carts and have a checkout page where any of these different api's (square, wave, paypal) can be added. If you guys do have one in mind or decide on one later, we would be happy to add that in before completion.

Thanks,
Everton
